Professional Development for Educators

AUGUST 3-4, 2020

Join Us on Cape Cod This Summer

Landmark School Outreach seminars are based on Landmark's Six Teaching Principles™ and nearly 50 years of innovative instruction of students with language-based learning disabilities (LBD), such as dyslexia. These learning disabilities fall under the broader category of specific learning disabilities (SLD). Teachers, administrators, and clinicians are encouraged to choose from some of our most popular professional development courses to learn practical teaching strategies that are readily applicable to any teaching environment.
