

SCARY STORY

Make the story below a MASTERPIECE by looking for:

- places where you could add detail
- words you could replace
- places where you could show, not tell

One day I decided to go to my friend Jack's house. I walked there after school. It was cold out. I walked up to his house but saw that no one was home.

I walked up the steps and there was some stuff next to the door. The door was open, so I walked inside. I heard a sound from upstairs. "Jack?" I said. I had a bad feeling.

I walked upstairs. It was dark and quiet. "Jack?" I said again. Nothing.

I went into Jack's room. His things were all over the floor. It looked like he had left in a hurry. Then I saw a face in his closet. I screamed.
