

STUDENT
ADVOCATES

OUR MISSION

Our mission is to inspire,
educate, and advocate through
our learning differences.

WHAT WE DO

► INSPIRE

We inspire students to advocate for themselves and their peers both inside and outside of the classroom.

► EDUCATE

We educate future teachers studying education at colleges and graduate schools in Boston and the surrounding area by providing personal anecdotes, skills, and techniques.

► ADVOCATE

We advocate for changes in teaching practices to better meet the needs of students with learning differences.
